

Geared Motor AG12

Compact actuator with solid shaft, built-in sensor electronics and high performance in a small construction form.

Features

- DC drive 70 W
- epicyclic gear
- easy mounting
- bus-compatible
- cost--reducing
- space-saving

Features	Technical data	Additional information
Supply voltage	24 VDC	
Power consumption	70 W	short-time operation (S2)
Ratio [i]	1:48	
Torque [M]	4.2 Nm	
Output speed [n]	120 rpm	
ncoder	magnetic	
Output circuit	line driver (A,B,/A,/B)	LD 24 V
